

The EASIER website made it to the final of the .eu Web Awards

15th October 2021

The EASIER website made it to the final of an annual competition launched in 2014 by the European Registry for Internet Domains to acknowledge the top .eu websites in various categories. The EASIER website has been nominated within the Laurels category established for ongoing pan-European projects, educational institutions, and charitable organizations.

Over the years, the European Registry for Internet Domains has received nominations from over 1200 beautiful and innovative websites that represent the .eu identity in its best light, excellent content, and high-security standards.

The 2021 edition of the .eu Web Awards saw over 160 unique website nominations and over 13000 votes from across Europe. The winners were officially presented on October 14, during the Web Awards ceremony at the Teatro Antico in Taormina, Sicily, and have received the following prizes:

- A two-month billboard advertisement campaign at the Brussels Airport.
- A personalized Web Awards trophy.
- And a custom-made promotional video.

A big thank you to all the people who voted for our website, allowing it to reach the final!
